

~~transistor and having a high concentration than said first impurity region; and~~

~~forming a storage node electrically connected to said second impurity region though said contact hole.--.~~

REMARKS

The above preliminary amendment is necessary to add new claims and to incorporate the data about parent applications and the amendments that were made in parent application Serial No. 09/119,053. Entry of the preliminary amendment is respectfully requested.

Respectfully submitted,

MCDERMOTT, WILL & EMERY
